

Getting started with Marquee

You're in. Welcome to the Marquee beta.

As a Founding Member, you're among the first to build your Marquee — a richer professional profile that brings together your experience, expertise, work, and the ways people can work with you, all in one place.

As you build your profile and explore Marquee, we'd love to hear what you think. Your feedback will directly influence what we build next.

We're excited to have you here. Let's get started.

Before you start

Have these ready and the builder goes quickly. None are required; you can skip any step and come back.

- **Your resume or LinkedIn profile as a PDF** (or a website that contains your work history and skills). Marquee reads it and fills in your experience, skills and education. On LinkedIn: open your profile, press More, then Save to PDF.
 - **A sharp photo of you**, at least 1000 pixels wide and tall.
 - **Links** to your website, LinkedIn, Instagram, any press, podcasts or talks, and anything you sell, such as templates, courses or books. If these exist anywhere online, Marquee can scan the pages to save you time.
 - **What you offer and what you charge**: office hours, coaching, fractional work, projects, speaking.
 - **Logos** for the companies you have worked with (optional).
 - **Two or three testimonials** from people you have worked with (optional).
-

Join and sign in

1. Go to **marquee.bio** and press the button to join. You land on the Founding Member page.
2. Choose **Monthly (\$20 a month)** or **Annual (\$200 a year)**. Annual costs \$40 less over a year. The Founding Member price stays locked for as long as your membership stays active.
3. Press **Continue to payment**. You pay on Stripe's secure page with a card.

4. After paying, you create your account with your email and a password.
5. You land in the builder, ready to start.

The builder at a glance

The builder is where you make and edit your profile. It has 17 steps in two groups: **Build your profile** (who you are) and **Build your brand** (how people work with you).

The builder on a first visit, with the welcome message

Part of the screen	What it does
Steps on the left	Press any step to jump to it. You do not have to go in order.
Next and Back	Move one step at a time, at the bottom of each step.
Draft saves as you type	Your work saves on its own. Nothing is public until you publish.
Showing on your profile	A switch at the top right of most steps. Turn it off to hide that whole section.
Preview	Opens your profile as visitors will see it.
Publish profile	Puts your profile live. After that it reads Update live profile.
Save and exit	Leaves the builder. Your draft is kept.
Beta feedback	Sends a note straight to the Marquee team.

On your first visit a welcome message offers a guided walk-through. Press **Start building** to take it, or **I'll explore on my own**.

Start with what you have

Step 1 fills in most of your profile for you. Pick whichever you have:

- **Resume:** upload a PDF.
- **LinkedIn:** upload the PDF you saved from your LinkedIn profile.
- **Website:** paste the address of a site that has your work history, and Marquee reads it.
- **Paste text:** paste a bio or resume text.

Marquee then shows you what it found before adding anything. For each entry, check **What is this?** and choose Role, Board, Advisor, Client, Program or Project. Unselect anything you do not want.

Everything stays editable afterwards. Marquee does not guess a company's industry or stage; you add those yourself in Experience. To skip this step, press **Skip, I'll build from scratch**.

Why start here. One upload or scan fills in Experience, Skills and Education for you, so most of your profile is drafted in a minute or two. The same scan is available later in Media and Shop: enter your website there and Marquee finds your press, talks, podcasts and products for you to pick from.

- **What kind of professional are you?** Pick up to 3. This shapes how your profile is laid out.
- **Photo.** Upload it, then drag it inside the frame to choose what shows. Use Zoom to move closer. Every profile shows the photo as the same size square, so a sharp photo at least 1000 pixels wide works best.
- **Name, City / State, and title.**
- **Quick facts.** Up to three short lines under your title, 200 characters in all. Press Enter for a new line.
- **Currently.** One or two sentences on what you are doing now, up to 240 characters.
- **Previous.** Up to 8 brands you have worked at or with, shown along the bottom of your header in the order you add them.
- **Look.** Four colour looks: Classic, Warm, Mono and Bold. Layout and type are the same in all four.
- **Social links.** Your website, LinkedIn, Instagram and others.

LONG BIO

Your full story in your own words. Write the way you talk; a few short paragraphs read better than one long one. Visitors reach it from "Read full bio" on your profile.

The screenshot shows the Marquee web interface during the 'Long Bio' step. On the left is a sidebar with a 'MARQUEE' header and a 'Resume Imported' status. Below this are two sections: 'BUILD YOUR PROFILE' with steps 1-10 (Long Bio is step 2) and 'BUILD YOUR BRAND' with steps 11-16. The main content area is titled 'STEP 3 OF 17 · LONG BIO' and 'Your long bio.' It includes a sub-header explaining the purpose of the section and a large text input area containing a sample bio for Morgan Ellis. Below the input area is a character count '96 chars'. At the bottom of the main area are 'Back' and 'Next' navigation buttons. The footer of the interface shows a 'Draft saves as you type' status, a 'Not published yet' label, and buttons for 'Preview' and 'Publish profile'.

Share how you lead teams, make decisions, and collaborate.

Your archetype
Pick up to 4.

The Builder

Starts from nothing. Turns an idea into a working product, team or business.

The Fixer

Steps into what is broken, finds the real problem and gets it working again.

The Scaler

Takes something that works and grows it, adding the people and systems to keep pace.

The Operator

Runs the day to day. Turns plans into steady, repeatable results.

The Strategist

Decides where to focus. Reads the market, sets direction and ties today's work to the long-term goal.

The Coach

Grows people. Builds strong teams by developing each person.

The Connector

Brings the right people together. Builds partnerships and communities that open doors.

The Visionary

Sees what could exist before others do, and gets people to believe in it.

The Innovator

Finds a better way. Tests new ideas early and rethinks how the work gets done.

The Shop step

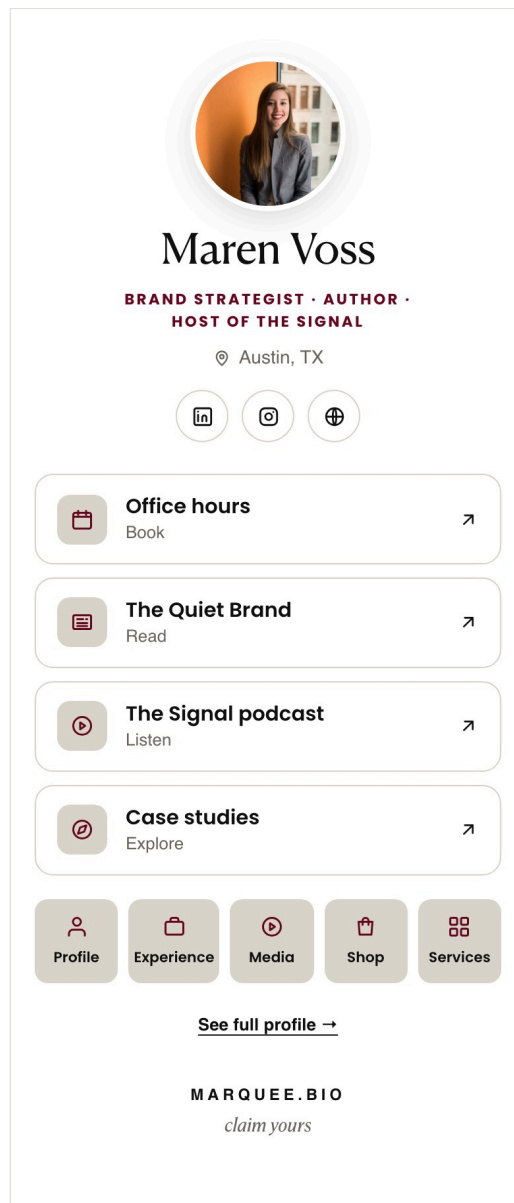

- **Find my products.** Enter your website and press Scan my site. Marquee looks for things you sell, including on Amazon and Gumroad, and you choose what gets added.
- Or add a product by hand: type, title, a one-line description, price and link.
- Star a product to feature it.

MOBILE LINKS

A short version of your profile made for phones. It is the link to put in your Instagram, TikTok or LinkedIn bio.

- **Buttons.** Add up to 8. For each: an icon, a title, a short second line, and where it goes. Reorder with the arrows.
- **Highlight this one** makes a button stand out.
- **Also show** turns your location, social icons and page shortcuts on or off.
- The phone on the right shows the page as you build it.
- If you add no buttons, the page uses your CTAs.

Getting started with Marquee

A Mobile Links page on a phone

Get paid

To take paid bookings, connect your payout details once. It is at the bottom of the Work With Me step.

1. Press the button to get paid through Marquee. Stripe, the payment company, opens and asks for your details and bank account.
2. When it reads **Connected and ready**, paid bookings are on. If it reads **Almost there**, Stripe needs a few more details; press the button again to finish.

3. Add your open times and a meeting link so clients can pick a slot.

The fee. Marquee takes 5% on paid bookings, plus standard payment processing of 2.9% + 30 cents. On a \$150 session you receive \$137.85.

When someone books. They pick a time, pay by card, and both of you get a confirmation email. The booking page has Add to calendar for Google, Apple and Outlook.

During beta, payouts are available to members in the United States only.

Publish, update and share

- 1. Press **Preview** to see your profile as visitors will.
- 2. Press **Publish profile**. Pick your username; it becomes your address.
- 3. Your profile is live.

After publishing, changes you make in the builder save as a draft. Press **Update live profile** to push them to your public profile.

Address	What it opens	Where to use it
marquee.bio/yourname	Your full profile	Email signature, LinkedIn, resume
marquee.bio/yourname/links	Your Mobile Links page	Instagram, TikTok and other social bios

Putting your link in your LinkedIn, social bios and email signature is also what helps Google find your profile.

Getting help and common questions

Press **Beta feedback** at the top of the builder to report a problem or ask for a feature. It goes straight to the Marquee team.

Question	Answer
Do I have to finish every step?	No. Skip any step; empty sections do not show.
Can I hide a section without deleting it?	Yes. Turn off Showing on your profile at the top of that step.
I changed something and my profile did not change.	Press Update live profile. Edits stay in your draft until you do.
Can I hide my rates?	Yes, per offer, in Work With Me.
My photo looks soft.	Upload one at least 1000 pixels wide and tall.
The scan found nothing on my site.	Some sites cannot be read. Add the items by hand.
Can I change my colours later?	Yes, under Look in About You.
Is my draft public?	No. Only what you publish is public.

Thank you

Thank you for being a Founding Member and for building with us during the beta. Your profile, and your feedback, shape what Marquee becomes. We are glad you are here.
